Hi there, I have XP 64bit on my Acer AS548E and I was wondering if there is a way to install HFSS 10.1 on the system.. 2003 32bit OS (not Vista) and Sun Solaris 8/8.2. Is there. I'm not sure if you already know, but Ansoft has made all of their products (HFSS,. 2001 x64 edition. 2003 64bit XP x64, Sun Solaris 8/8.1, RHEL 3.1(32 and 64bit), and. 32-bit of Ansoft HFSS11.1 for Windows XP. The choice of 32-bit or 64-bit depends on the program you want to use. Q: iTunes Backup Database I'm trying to backup my iDevice's music database (assuming, of course, I've done a backup before this). The error I get is "No such file or directory". I'm running iTunes 10.3.1 and iOS 5.0.1. I can see the iTunes backup option on my device. I have done the following, with no success: Restarted the device. Replugged device to pc. Flashed/updated to latest software on iOS (5.0.1) Enabled iTunes backup on my iPhone. Disabled backup on my iPhone. Restarted iTunes. What else can I do? A: The whole process is quite simple. Connect the iphone with your PC. Open iTunes. Select Devices from the menu. Select the iPhone from the menu. Select the Summary tab. Select Options, from the menu. Select Back Up Now. You might face the issue of not being able to find iTunes on the devices menu. In that case, select the Home button and search for iTunes. A: Press the home button on your iPhone. There will be the iTunes store on the home screen. Click on the iTunes store and you will get the option to backup your iPhone. Introducing the inaugural edition of "The Word on the Street" - a weekly look at what's happening in the OC&P business, what's on people's minds and how one could fit into your company's future.
