## Sherlock Plus Heidelberg nedrsiri

Unfortunately, Sherlock Holmes is not available for licensing but he does have a very good reputation for quality, solid build, outstanding finish, and extremely comfortable fit. Our largest available size is 34x20. This coat is available in Herr, Mädchen, and Junge sizes. It is about 2.5 inches longer than normal SHERLOCK TOASTER #2 herlock from the secret agent series The Sherlock Holmes from the Secret Agent series is a traditional cut coat with a deep drop front. This new model has been streamlined a bit and is just under 5 inches shorter than the normal size. The solid black wool is soft and comfortable to wear and it also has a nice fabric lining. We do not have the Sherlock Holmes model in adult or child sizes. We do have Herr sizes though. Purchasing a Sherlock coat is quite difficult, as there are so many different versions, styles and sizes. A herr is a bit longer and smaller than a normal size and is a coat that was cut for people of about 5'5" or less. Sherlock is an excellent cut for people who have a bit of problem with their shoulders. The cut is quite similar to our original Sherlock. SHERLOCK WATCH JUNGELING #1 herlock from the secret agent series The Sherlock Holmes from the Secret Agent series is a traditional cut coat with a deep drop front. This new model has been streamlined a bit and is just under 5 inches shorter
