As it often happens, information is stored in various formats. Who does not use Microsoft Office? Technical documents are often distributed as PDF files. Manuals for Windows applications are usually available in the CHM format. Many software engineers find the MSDN Library indispensable. And we all cannot do without the Web. Bookmark Docs lets you quickly and easily "bookmark" any places in documents and then return to them whenever you need, and do all that in a unified manner. It doesn't matter whether you are reading a PDF document in Adobe Reader, a Web page in Mozilla Firefox, or a Help file in a CHM reader - it's very easy to use Bookmark Docs whenever you need to "bookmark" some place, so you can easily return to it in the future. While native applications may have some built-in bookmarking features, they only let you bookmark a page or, at best, a paragraph of the document. Bookmark Docs allows you to position your bookmark much more precisely. Moreover, a team of users can work on groups of bookmarks, and bookmarks can be categorized by tags. Get CS4 Calendars with End-of-Year Report - CS4 delivers a new and improved feature, Smart Events, that shows recurring events in your calendar, and Smart Updates that inform you when your events are updated. These functions are usually reserved for desktop applications, but the latest release of CS4 extends Smart Events to the browser. Smart Events will populate your calendar with recurring events, such as birthdays, anniversaries, and daily lunch meetings. You can also set which days are automatically recurring, and view the calendar for each recurring event to see which days are already scheduled. CS4 Calendars with End-of-Year Report : New Feature : Smart Events Smart Events will populate your calendar with recurring events, such as birthdays, anniversaries, and daily lunch meetings. You can also set which days are automatically recurring, and view the calendar for each recurring event to see which days are already scheduled. Get CS4 Calendars with

What's New in the Bookmark Docs Lite?
