Gladiator of swords and sandals, are you ready to unleash hell in the arena? The world's most beloved gladiator game is back, bigger and richer than ... and nothing! Yes, again a gladiator, again battles and death in the arena, this could not but rejoice. What else is needed? And we need to not be disappointed. And what do we see? The plot, as in the first part, is practically absent. There are only a few frames in which the viewer sees how the gladiator dies in the first round, and then his no less spectacular resurrection. They also show us what to do to become the same gladiator, you can see in the section "learn from the mistakes of a hero."
