
Vatsayana Kamasutra In Telugu Language Pdf Free Download

if possible, could you please advise which book or author should be read in Telugu. Reply. Amon 08.06.2018 at 11:59 am. Kind of strange to ask a question like that on a website, in my opinion. Well, if you feel like it, read in English, and I'm not sure your knowledge is good enough to understand anything.

And as for the author, as with a Hindi author - I can't say. Indian literature is quite vast and varied, and among those who write well in Telugu, there are writers of various genres, and if you are looking for something, you will surely find something you like.
