Register to gain full access to hundreds of high-resolution wallpapers and change them with one simple click. English: Hallo Ladies and Gentlemen, and welcome to the world of wetting. In this video, we will explain how to use a bed pan. Bed pan is used to catch urine and bowel movements for cleaning the bed. (Loud and gurgling sounds) Press on the top. This will flush the bed pan with clean water. (Loud and gurgling sounds) It is important to check the liquid level before putting in the bed pan. (Mouth noises) This liquid is to rinse the bowl. This is not urine or bowel movements, so just empty the pan when there's no liquid left. (Mouth noises) Chinese: ??? ?????????????? ?????????????? ?????????????? ?????????????? ?
