Enter Gothic II Gold Edition in the Playstation emulator to be able to change the console's console codes. This is . Mar 24, 2013 Apr 28, 2012 May 28, 2011 Jun 22, 2018 Feb 9, 2012 If you wish to uninstall the game or cheatcode you can do so by removing the code from the conf.edb files and restarting the game. If your game doesnt launch from the original game after removing the cheatcodes then reinsert the game exe into the game folder and open up the properties on the game then at the end of the text file which has the cheats code in the properties open it up and delete the code. The codes are tagged with a comment to make it easy to tell if you have the codes enabled or not. Apr 2, 2015 As of version 1.34 the cheat codes are still functional and are included in the hack update version 1.34 Oct 5, 2015 As of version 1.35 the cheat codes are still functional and are included in the hack update version 1.35 Jul 22, 2016 May 23, 2016 Jun 30, 2016 Using these codes won't delete anything in your game. They are not the originals, and I wouldn't advise using them in an official playthrough, but if you're looking for alternative versions of the game, this will be your best bet! Jul 9, 2016 Pc cheats codes are no longer supported, but we still have a regular release version of the PC game.
