EDKWORTH, Ohio – The Lewis Center, a reported 1700-seat multi-purpose athletic facility for the use of school-age sports and athletics, will be a part of Phase III of the \$50 million campaign. Many have said the center will be a positive addition to the community. Both the school board and the community at large are excited about the opportunity to give students of all ages the opportunity to participate in the physical activities they desire. Building the Lewis Center in 2015 is a major highlight on the \$50 million campaign campaign. "This is an exciting time for our athletic department, our students, and our community," said interim AD Jim Pashko, "and we can't wait to see the facility come to life this fall." The project is expected to open this fall. The renovated Lewis Center project includes a new stadium, track & field surface, weight room, team locker rooms, classroom space, as well as a sports medicine center and a new administrative facility. Formerly, all athletic teams, coaches, and staff had to be housed in separate buildings.
